3. Eligibility

Category	Criteria
Foreigner	who have completed a curriculum in a foreign country equivalent to Korea's elementary and secondary education (12 years)
Both parents and applicant are foreigners	who have graduated (or is expected to graduate) from regular high schools in Korea or abroad

- If the number of years of attendance falls short of the curriculum due to differences in academic system with foreign schools, or if the semesters of attendance overlap, exceptions are recognized within the scope of one semester.
- If grade skipping or early graduation is allowed according to the country's curriculum laws, etc., if you submit supporting documents (school issuance letter, related regulations, etc.), it will be recognized even if the total period of attendance is insufficient.
- "Foreign school" means a school located abroad and its academic records must be acknowledged by the relevant laws and regulations of the foreign country. (Foreign schools in Korea are not accepted)
- "A school located abroad" can only be regular elementary, middle, and high schools whose academic records can be acknowledged by the relevant laws and regulations of the foreign country. Educational institutions such as kindergartens, language training institutes, domestic and foreign examinations, home schooling and cyber learning are not accepted.
- A person with dual citizenship is not recognized as a foreigner according to the Korean domestic law.
- Other matters not listed in the application guideline will be decided by the Basic Admission Criteria for Colleges and the College Admissions Management Committee.
